All dimensions are approximate and all floor plans and development plans are subject to change. Stated square footages and dimensions are measured to the exterior walls and the centerline of interior demising walls between units and in fact vary from the dimensions that would be determined by a professional surveyor. The area of the actual room will typically be smaller than the product obtained by multiplying the stated length and width. All square footages and dimensions are estimates which are based on preliminary plans and will vary with actual construction. This floor plan represents the typical floor plan for the residence type indicated and is provided for informational purposes only. The actual floor plan of the residence may differ. All floor plans, specifications and other development plans are proposed and conceptual only, and are subject to change and will not necessarily accurately reflect the final plans and specifications for the development.
